Masai Mara National Reserve

Located in the south-west corner of Kenya, the Masai Mara National Reserve is one of the most famous wildlife parks in Africa.

The park is teeming with wildlife and is one of the best places for wildlife viewing in Kenya.

It is famous for the annual migration of zebra and wildebeest from the Serengeti in Tanzania, when hundreds of thousands of wildebeest, under the guidance of the zebras, move from one park to the other. It is also well known for its cheetah, leopard and lion populations.

You might not want to blink in case you miss something!
